

**KING COUNTY WATER DISTRICT NO. 90  
KING COUNTY, WASHINGTON**

**RESOLUTION NO. 1118 B**

**A RESOLUTION** of the Board of Commissioners of King County Water District No. 90, King County, Washington, adopting Information System Contingency Policy.

**WHEREAS**, the District relies upon information systems, including hardware, software and telecommunication components in the operation of District business.

**WHEREAS**, these information systems are critical to the operation and mission of the District.

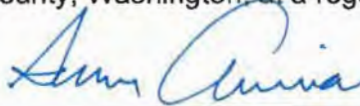

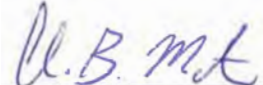

**WHEREAS**; the District has identified strategies that will provide the ability to maintain and/or recover the system(s) in an expedient and cost-beneficial manner, which strategies are set forth in the Information System Contingency Plan (ISCP).

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Commissioners of King County Water District No. 90, King County, Washington, as follows:

**SECTION 1:** The ISCP is hereby adopted as the plan and policy of the District.

**SECTION 2:** District staff, at the direction of the District Manager, are authorized and directed to implement the ISCP for the benefit of the District.

**ADOPTED** by the Board of Commissioners of King County Water District No. 90, King County, Washington, at a regular open public meeting thereof on the 16th day of August, 2022.

**Plan Approval**

As the designated authority for King County Water District No. 90 (the District), I certify that the information system contingency plan (ISCP) is complete and that the information in this ISCP provides an accurate representation of the application, its hardware, software, and telecommunication components. I further certify that this document identifies the criticality of the system as it relates to the mission of the District and that the recovery strategies identified will provide the ability to recover the system functionality in the most expedient and cost-beneficial method in keeping with its level of criticality.

I further attest that this ISCP for KCWD90 will be reviewed and tested periodically. This plan was last tested in August 2022. This document will be modified as changes occur and will remain under version control in accordance with the District's contingency planning policy.
